36. Sylvester Meditation-Seminar
with Shreeguru Balaji També in Hamburg, Germany
27/12/2019 – 02/01/2020

Building a better future

We live in amazing times. Never before in history have we had access to more information, knowledge and material resources than today. At the same time, however, concerns are growing about climate change, increasing social inequality and the mental health of every individual. Pressure, stress and tension lead to increased aggression and greed, in both private and public life.

We may be overall wealthier than ever before, but at the same time, people are more concerned about their lives and the development of society than they have ever been. It’s time to stop and think about a future that we want to shape not only materially, but also mentally and spiritually.

Shreeguru Balaji També interprets the inexhaustible Vedic scriptures and combines them with a modern approach. In Satsangs he will discuss with the participants how we can live a life in harmony with the laws of nature for a better future. The Satsang session are very dependent on questions of the participants. Everyone is cordially invited to give some thought to the topic and to bring along his/her questions and concerns.

The Seminar includes Yoga sessions, Satsang, music and meditation, leisure time, full board meals in Indian-Ayurvedic tradition, karma yoga e.g. - helping in the kitchen and, of course, a New Year's Eve party! The New Year’s seminar with Shreeguru Balaji També is a wonderful and spiritual way to say goodbye to the old year and start the new!
